

The Great White Sale Is Announced!

The Merchandising Event of the Summer Season Makes Its Initial Display Today

Truly Great Event

No other retail trade occasion of the Summer compares for importance with our semi-annual sale of White Garments and Goods.

The Fourteenth White Sale since we started business in the old Stewart block begins this morning.

By the magnitude of stocks presented, by the detailed variety of items offered, by the extremely low prices it has interest

First—For all women.

Second—For all housekeepers.

Third—For many men.

The offerings of today are thoroughly legitimate, and the special prices are made possible through the application of simple principles.

Cumulative purchasing power explains it all. Combined orders of our two great stores give us the maximum force in price-saving. The new concept in profitable retailing, that finds success in a great volume of business done at a small per cent. of gain, gives you the advantage of our great buying.

If disposed to cynicism or criticism of bargains in general, remember that dignity and honor surround bargains produced by the two above-named powers.

The news on this page deserves your confidence. Therefore we know full well that the expected demands will come quickly. In this business to deserve success is to secure it.

Muslin Underwear; nightgowns, drawers, chemises, corset covers and petticoats. Details elsewhere on this page.

Every garment new, just made in sanitary factories. From makers represented by the Consumers' league label. Also shirt-waists and shirt-waist suits, silk waists, tea gowns, dressing gowns, negligees and corsets.

Aprons, caps and dresses for maids and waitresses.

Slips for infants; dresses for babies and children; underwear and shirt-waists for girls.

Housekeeping Linens—French, German, Scotch and Irish. Six patterns of table cloths, damask and huckaback towels, napkins, towelings by the yard; Japanese embroidered linen squares, center pieces, scarfs, tray cloths.

Forty Thousand Muslin Sheets and Pillow-cases.

Men's White Madras Pajamas and Negligee Shirts.

The great lines of goods included in this Sale are submitted to critical examination. The better you understand values, styles and qualities, the more thoroughly will you know the real cheapness of all the offerings. Comparisons are good, if fair, but care is needed for fairness. Trial by jury is good when the case is entrusted to the decision of peers.

Everything will be ready at 8:30 this morning.

White Garments for Women

The Most Remarkable Collection Ever Assembled

Garments of muslin, of cambric, of nainsook, of lawn, and the world knows them as "Muslin Underwear." And what a tremendous industry nowadays is the production of Muslin Underwear! Every man that can get a few sewing machines and cheap operators rushes in to reap a harvest in May. The markets are filled and congested with trash, and sales are hatched up here, there and anywhere.

Yet the WANAMAKER organization plans more largely each season, and still fails to fully supply public demands for *Wanamaker Muslin Underwear*.

Competition never encroaches upon WANAMAKER selling. Competition never copies WANAMAKER manufacturing policy, is not anxious to duplicate WANAMAKER refinement of style or excellence of quality. Fine words in a newspaper do not make amends for sweat-shop work, seconds of white goods, and odds and ends of garish embroidery and lace.

Wanamaker Muslin Underwear gets its style from models brought from Paris. It gets its fullness of size—its ample width and length of garments from the specifications of our regular goods. The careful sewing and neat finishing are essential to our acceptance of the goods. All materials used are new, perfect, refined, as selected for each grade of garments.

The bargain garments of the *Wanamaker White Sale* are made in the same careful and tasteful manner as regular WANAMAKER goods—

That Is Why the Wanamaker White Sale So Enthuses New York Women.

The economies demand no sacrifice of the particular woman's good taste or judgment. Prices are tempting because the garments are so thoroughly excellent.

A Remarkable List of Housekeeping Linens

The offerings noted below compose one of the most remarkable announcements about Linens that have been made in recent years. The prices of linens have been, and still are, inflexible on the market. The rise of values has been constant for several years, and during that time WANAMAKER prices have been constantly maintained practically a year below those to be found elsewhere.

To do better seemed impossible; but for some months we have been looking forward to this White Sale with the determination to do the unusual thing. In some cases we have arbitrarily sacrificed our profits; on other lines we have secured assistance for this movement from manufacturers who had reason to favor us. Altogether it is such a presentation of low-priced merchandise as housekeepers and hotel proprietors have not seen matched for a long period of time. Here are the items in detail:

40,000 Ready-made Sheets and Pillow-Cases

At Prices Based on a Low Cost of Cotton

As everyone knows, prices for "spot" cotton have been sky-rocketing; and there has been a corresponding advance in the price of sheetings. We contracted for the following lots of Ready-made Muslin Sheets and Pillow-Cases some time ago—and the saving to you in cost is at least ten per cent. on present prices. And, at that, manufacturers rather prefer to curtail production than to sell much at these figures.

Consequently, while these forty thousand sheets and pillow-cases last it's a good time for hotel-keepers and others to provide needed supplies at a lower price than they will have to pay later:
